## THE STORY

Stage actors Mariah and Daniel play lovers every night, but their onstage romance lacks spark. One slow afternoon, they discover that today's matinée performance will make or break both their careers. Daniel wants to make big changes, and Mariah starts to wonder: are Daniel's suggestions reasonable? Or has he lost track of the boundary between actor and character? Rushed to the stage, in front of a live audience, they must figure it out together

## ABOUT THE FILM

Matinée is an award-winning sexually explicit drama intended to bridge the gap between art film and sex film. The film showcases Steven McAlister (Scotland) and Alicia Whitsover

## REVIEWS

"High-concept and beautifully shot"  
— Fleshbot

"Intelligent, sensual, and downright sexy"  
— For The Girls

"Revolutionary erotica"  
— Susie Bright, porn pioneer

"The bees' knees when it comes to quality erotica. It spans the line between porn and erotica with grace and dignity."  
— Jamye Waxman, sex educator
